THE CAUSE

There is no greater cause than the Gospel of Jesus Christ. Chi Alpha believes if we reconcile students to Christ, we can transform the university, the marketplace, and the world. That vision becomes a reality every day when people like you become missionaries to university students. Chi Alpha's Campus Missionary in Training (CMIT) programs will equip you to advance The Cause.

THE EXPERIENCE

Jesus taught in the laboratory of life, not in a lecture hall. A CMIT internship puts you in the middle of the campus, standing shoulder to shoulder with proven Chi Alpha leaders. You will experience evangelism, cell groups, preaching, prayer, character formation, study, and much more.

The program is not easy. You will need a desire to learn and the maturity to handle leadership. As a CMIT, you must have an undergraduate degree, endorsement from pastors, and faith in God to provide financially for your training.

THE TIME

Chi Alpha is experiencing an outpouring of support and favor like never before. Christian leaders are catching our vision of changing the world. This means that funding, resources, and training for the full-time campus missionary are at a record high. Our institutions of higher education are the most crucial mission field on the face of the earth. We must reach them for Christ if we want to change the world, and now is the time!
